SKILLS

- **Languages:** C++, Java, Python, Javascript, SQL
- **Tools/Platforms:** MongoDB, VS-code, GitHub, Git-version control, Docker, Jira
- **Framework:** HTML5 and CSS, NodeJS, React, Tailwind CSS
- **AI and ML:** NumPy, Pandas, Scikit-Learn, Matplotlib, Data Preprocessing
- **Soft Skills:** Problem-Solving, Collaboration, Time management, Decision-Making

WORK EXPERIENCE

Data Annotation Expert

Apr'25 - Present

Part-time/Freelance

- Worked on multiple AI training project and data labelling projects across text, image, and classification domains.
- Contributed to improving accuracy of machine learning and LLM systems

PROJECTS

Game AI based on Reinforcement Learning | [Link](#)

Apr'25

- Designed gameplay mechanics focused on enhancing cognitive learning, making the system suitable for educational and training applications.
- Implemented reinforcement-learning algorithms enabling the AI agent to learn from gameplay of player results in progressively improved decision-making and higher task accuracy.
- Tech: Python, Django, HTML, CSS

SympTech Diagnostic Assistant – AI-Driven Medical Diagnosis System | [Link](#)

Feb'26

- Developed a hybrid AI medical diagnostic system combining machine-learning predictions with rule-based clinical inference to improve accuracy and patient safety.
- Implemented an adaptive triage scoring framework to categorize medical urgency levels, enhancing decision support for telemedicine and emergency screening use cases.
- Tech: Python, numpy, pandas, scikit-learn.

EXTRACURRICULAR ACTIVITIES

Summer training | DSA with (C++) | Splen Technologies | [Certificate](#)

Jun' 25 – Aug' 25

- Implemented OOPs concepts such as inheritance, polymorphism, and encapsulation, improved code modularity and maintainability by 40%.
- Optimized file handling and data processing operations, strengthened understanding of arrays, linked lists, stacks, queues, trees, and sorting/searching algorithms through hands-on coding challenges.

CERTIFICATES

Python | Coursera | [Certificate](#)

Jun' 24

Problem Solving | HackerRank | [Certificate](#)

Mar' 25

Java | DevTown | [Certificate](#)

Jun'25

Data Collection | Kaggle | [Certificate](#)

Jul' 25

Data Base Management System | NPTEL | [Certificate](#)

Mar'26

EDUCATION

Lovely Professional University

Phagwara, Punjab

Bachelor of Technology - Computer Science and Engineering; CGPA: 8.20

Aug' 23 – Current

Y.M. Convent School

Intermediate; Percentage: 80%

Bhadohi, U.P

Jun '21 - Mar '22

Woodward Public School

Matriculation; Percentage: 71%

Bhadohi, U.P

Apr '19 - Feb '20
